

Why Do We Adapt Programs?

- To challenge individuals just enough so they can develop skills and increase their independence and comfort zone
- To ensure all campers can fully participate and interact with others successfully
- To provide inclusive programming
 - Activities are modified and simplified to match all children's needs and abilities, not just for inclusion campers!
 - Expectations are realistic and challenging for ALL campers – don't simplify too much!
 - Assistance is provided only to the degree that it is required – 1:1 may not be needed for all activities
 - Making it easier for the campers to make new friends and feel a sense of belonging in new social situations
 - Help all campers meet and exceed high five expectations
- To provide all campers with the best experience possible!
