

# facts about FIREWORK SAFETY

## BEFORE

*setting off fireworks, think about...*

Can I create a safe distance from my home?

Can I create a safe viewing area for my family?

Can I ensure the fireworks will stay above my property?

Can I accommodate for wind conditions?

...is my property suitable for fireworks?

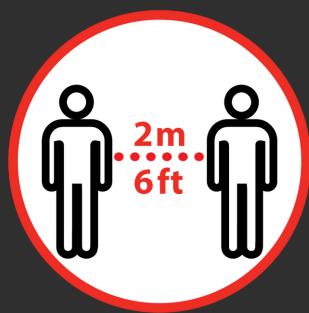

If the answer to any of these questions is NO, then do not set off family fireworks

You cannot set off fireworks on City property  
This includes: parks, fields, and roads

**HOT TIP**

Family fireworks can only be set off on property you own or have permission from the owner

To protect yourself and others from COVID-19 while waiting for your vaccine, please continue to follow public health recommendations and keep a safe distance of 2m/6ft from others.

Active enforcement will occur over the holidays.

## Stay Safe!

- ✓ Practice physical distancing
- ✓ Make sure your property is suitable
- ✓ Check to see if you need a permit
- ✓ Make sure they are "Family Fireworks"
